CIRCULAR

Sub: Scholars registered at erstwhile AUTs – Approval of confirmation and result of Special Elective – Reg.

In view of the merger of erstwhile AUTs with Anna University, the result of Special Elective and Confirmation of the scholars registered at erstwhile AUTs are being approved by the Director (Research). It is noticed that on many occasions, the required details were not available and clarifications/supporting documents were obtained from the supervisor through the Regional Office which cause time delay. Hence to speed up this process, the Regional Director i/c of the respective Regional Office, Anna University shall approve the marks/grades of Special Elective/Directed Study/Field work and confirmation of the scholars registered at the erstwhile AUT.

Henceforth the supervisors are requested to send the result of Special Elective and documents pertaining to the confirmation of the scholars registered at erstwhile AUTs to the respective Regional Office only for further processing.

DIRECTOR (RESEARCH)
