CIRCULAR

As per the 40th Research Board minutes, an updated list of journals, henceforth referred to as JOURNAL LIST is now available on the website of the Centre for Research. Several journals are included in the current JOURNAL LIST for the benefit of all the scholars of Anna University. Most of the journals have also been part of Annexure I and II lists available earlier. Moreover, the journals available earlier in the Annexure lists not featuring in the JOURNAL LIST are given separately as Supplementary list I and Supplementary list II.

Scholars are advised to adhere to the following criteria diligently:

1. Supplementary List I is applicable only to scholars who registered their Ph.D. programme between January 2021 and July 2022 sessions.
2. Supplementary List II is applicable only to scholars who registered their Ph.D. programme before January 2021 sessions.
3. The JOURNAL LIST is common for all registered Ph.D. scholars irrespective of the time of their registration including the above two categories.

This is done to enhance the quality of research publications made by scholars and faculty members of Anna University.

The JOURNAL LIST is also applicable to all applications submitted for Supervisor Recognition and Institute Recognition.

Important: To Check the authenticity of the journal, follow the guidelines listed in the circular dated 21.10.2022 available in the Centre for Research website.
