**CIRCULAR**

As per the minutes of the 42<sup>nd</sup> Research Board meeting, additional journals for the Department of English have been incorporated for the research paper publication by scholars of the Department of English. This supplements the existing list of journals approved for synopsis and thesis approval. To identify the recently added English Department Journals, kindly refer to the CFR webpage under the Journal tab. These newly included journals are also applicable for Supervisor recognition for Faculty members working in the English department.

Please note that papers already communicated and published in these journals prior to the issuance of this circular cannot be considered for the aforementioned purposes. Additionally, scholars/applicants from departments other than English, whose publications appear in these newly added journals, will not be considered for these specific purposes.
